

Alex Stewart (Agriculture) Ltd

Trade Announcement

Alex Stewart Agriculture Accredited by UKAS To ISO 17025 Standards for Rapeseed

January 16th 2015

I am delighted to announce that Alex Stewart Agriculture, working in conjunction with our Huson and Hardwick Laboratory, has successfully extended its UKAS ISO 17025 accreditation scope to include Oil & Moisture in Rapeseed.

Alex Stewart Agriculture is the only UK laboratory accredited to perform the reference methods for Rapeseed.

Alex Stewart Agriculture look forward to providing on behalf of its customers GAFTA, FOSFA and UKAS approved inspection, weighing, sampling and analytical services for rapeseed and all other oilseeds and grains.

Yours sincerely

Des. McMillan MSc, GRSC, BSc (Hons)

Chief Chemist
