Alex Stewart Argentina opens Geochemical Laboratory in Perito Moreno, Santa Cruz

Alex Stewart's new geochemical laboratory in Perito Moreno, Santa Cruz, Argentina will combine with the main laboratory in Mendoza to provide extensive geochemical sample preparation and analysis in the South of Argentina, and will serve the main Mining companies operating in that area.

On September 8, in Parque Industrial Perito Moreno Alex Stewart Argentina will celebrate the opening with our representatives, main clients, and leading mining representative in Santa Cruz Province.

We are very pleased to share our success and results of the hard work that was carried out by Alex Stewart Argentina.
