Friday 26th August, 2011

I am delighted to inform all of our customers that Alex Stewart Agriculture Ltd has been accredited by UKAS as an official ISO/IEC 17025:2005 Testing Laboratory for Animal Feeds, Environmental Samples, Food and Food Products.

The UKAS accreditation will improve quality for all of our chemistry and microbiological laboratory services.

If you would like further details about Alex Stewart Agriculture's accreditation, they can be found on the UKAS website's search engine by typing in "Alex Stewart Agriculture Limited, trading as Huson and Hardwick". The UKAS schedule number is 4352.

For any further information about our laboratory services, please do not hesitate to contact either myself or our Customer Services Coordinator, Kate Wockenforth.

Yours sincerely

Des McMillan
Chief Chemist
