

# NOW RECRUITING!

## STEEL SCRAP INSPECTOR

Alex Stewart International would like to invite applicants for the post of Steel Scrap Metals Inspector. The successful candidate will join our experienced ISO17020 accredited International Inspection Team, which is based at the Company's UK Headquarters in Liverpool.

This full-time role will help our team to provide experienced inspections-related services including:

- Draft Survey
- Bunker Survey
- Off/On Hire Survey
- Barge Surveys for Quality and Quantity
- Stockpile Surveys for Quantity calculations by volume
- Experience in Quality Surveys for visual estimation as per ISRI specifications

The successful candidate should have suitable experience gained in this role. The Company offer a range of benefits, including a competitive salary, a Company car for business use, up to 5 weeks holiday and also Pension and Life Insurance Schemes.
